Dear Mr. Takahama,

Letter of Appreciation

We would like to acknowledge that on behalf of your organization, Mr. Nobuchika Ihara presented to Kosem Ltd, a MacBook Pro computer, which will be a much needed tool to be used in our coffee work.

As per our agreement, Kosem Ltd in turn, constructed and delivered to our Coffee Farmers 10 African Beds at an estimated value of AU\$ 2,000 to our farmers who produce specialty coffee.

On behalf of our Coffee Farmers who received the African Beds, we would like to extend our heartfelt thank you to Mr. Ihara and your sponsors, who contributed in making this possible.

These African Beds will greatly assist our farmers in drying their coffees and improve the consistency of their quality, which will in turn guarantee a better price with good markets.

Once again, we express our sincere gratitude, and look forward to continue working with you.

Yours sincerely,

MARK MUNNULL
Managing Director
